

Forest School - Emergency Accident Policy

All participants will be briefed in what to do in case of emergency. The Forest School leader or an adult will signal the children to stop what they are doing, gather with a member of staff, be silent and wait for instructions. The Forest School Leader will assess the situation, the nature and extent of the injury/accident. They will ensure that the rest of the group are safe from danger and are adequately supervised. They will attend to the casualty, giving first aid as necessary. An incident report will be completed later.

In case of injury

If anyone sustains an injury or illness which cannot be treated by first aid on site and requires medical assistance:

- In serious cases, 999 should be dialled using a mobile phone carried by the Forest School Leader and then the school will be notified. The school will be responsible for notifying the parent.
- The rest of the group will be supervised away from the incident and if in danger, will be moved to safety.
- One member of the staff will meet the ambulance at the site entrance and direct the crew to the incident site.
- If the injured child is taken to hospital, one member of staff will go with them and the child's parents/carers will be updated about the situation by the staff remaining at school.
- In minor cases, the Forest School Leader will arrange to contact the parent of the injured child so they can be collected and taken to the hospital, doctor or home.
